	Napier-Hastings	Mobilisation fee	\$1,710
	Wellington	Mobilisation fee	\$1,330
	Nelson	Mobilisation fee	\$1,250
	Christchurch	Mobilisation fee	\$690
	Queenstown	Mobilisation fee	\$1,290
	Dunedin	Mobilisation fee	\$1,240

If the pile testing crew is standing by at the site for more than an hour for reasons beyond Southern Geophysical's control than a standby rate of \$90 per hour excluding GST will apply. The standby rate also applies to inductions or other site access procedures in excess of one hour. The above prices are based on testing concrete piles at reasonably accessible sites where the top of the pile is exposed. All prices are inclusive of a brief factual report summarising the pile testing results. For other environments, including difficult access or remote sites, or other types of pile tests please contact us for a site specific quote.
